DEATH OF GEORGE HERMAN

The End Came at the City Hospital Sunday Night.

George Herman, a well known carpenter of Sedalia, died of general debility at the city hospital at 11:45 o'clock Sunday night, aged about 70 years. He had been ailing for several months and bedfast for three weeks.

Mr. Herman was born in Germany and came to America in 1867. Five years later he came to Missouri, settling in this county, where he had since resided. A carpenter by trade, he had done work of that nature for many of the older residents of this city.

Some fifteen years ago he was married to a Mrs. Berger, but soon after they were divorced. He leaves no relatives and belonged to no society other than the Pioneer Verein.

For more than twenty years he had occupied a room over the Messerly store at Second and Osage streets and took his meals at the Kaiser hotel. He was known to all of the older residents of the city, and with all acquaintances his word was as good as his bond.

Funeral services will be held at McLaughlin's undertaking room at 9:30 o'clock tomorrow morning. Rev. Otto Press, pastor of the German Evangelical church, will officiate and interment will be in the city cemetery.

PRESIDENT IS ANXIOUS

AWAITS THE RESULTS IN ELECTIONS TOMORROW WITH DEEP INTEREST.

NEW YORK LEGISLATIVE BATTLES

Gubernatorial Race in New Jersey and Mayoralty Race in Cleveland Are Matters of Considerable Concern.

Special to the Democrat-Sentinel.

Washington, Nov. 4.—Washington officials, from President Roosevelt down, are manifesting a lively interest in tomorrow's elections, and the result in many instances will be looked upon as straws, showing the direction of the political wind.

Particular interest attaches to the judicial and legislative contest in New York state, the municipal election in Cleveland and the gubernatorial race in New Jersey. In all of these struggles for political supremacy the popularity of President Roosevelt enters as a factor, and if the result should be largely against the republican candidates it undoubtedly will be considered, in the anti-Roosevelt camp, as an evidence of the waning of the Rooseveltian principles and policies.

Six states, two in the east, two in the south and two in New England, will elect governors tomorrow. At the present time four of these states—Kentucky, Mississippi, Maryland and Rhode Island—have democratic governors, and two—Massachusetts and New Jersey—have republican chief executives. Mississippi has already elected its governor, who is, of course, a democrat, and the election will be a mere formality. Kentucky is also conceded to the democratic column, although the republicans of the Blue Grass state have made a determined fight for their candidate.

Maryland is considered as doubtful. The democrats carried the state for Warfield in 1903 by over 13,000, but the following year the election was so close that one Roosevelt elector was chosen. In New Jersey, also, the fight has waged warmly, with honors apparently about even. Three years ago the republicans carried New Jersey for Roosevelt by 80,508, and for Stokes for governor by 51,644. Last year the democrats turned the tables and secured a majority of two in the state assembly. Rhode Island is admittedly close. In the last election the democratic ticket, headed by Higgins for governor, won by the narrow margin of 1,318, but the democrats lost the state to Roosevelt in 1904 by 16,000.

Guild was elected governor of Massachusetts last year by over 30,000, and apparently has good chances for re-election, owing to the division in the democratic ranks. The chances for a democratic victory this year were at one time good, owing to the tariff revision issue, but the strife within the party has apparently placed Massachusetts safely within the republican column.

When one votes a losing ticket for over half a century it means deeply set convictions—they have become a part of the man. Russell Greiner received his education in the public schools of Xenia and came to Kansas City in 1889 to become a reporter on the old Kansas City Times.

In 1891 he became connected with the Union Bank Note company, then a small establishment at 304 Delaware street, and he has been with that concern until the present date, participating in its growth to its present proportions. In 1901 he became vice president and a director and since then has had entire charge of the sales department.

In 1897 he was married to Miss Grace Poteet, of Sedalia, Mo., and two daughters were born. This union, Mr. Greiner is an officer and an active member of the Linwood Boulevard M. E. church. Always active in politics and yet never a candidate for any office Russell Greiner has won for himself the respect and confidence of the democracy of Kansas City.

THAW'S NEW DEFENSE.

Inasmuch as the country has got to prepare itself for the ordeal of retrying Thaw, the announcement from New York that his attorney, Martin W. Littleton, has decided upon a plea of insanity for his client's defense, is a matter of interest. It gives the impression that his case is in the hands of more farsighted lawyers than it was at the first trial. It will be remembered that the firm of Black & Olcott, first solicited by the Thaw family to conduct the defense, offered to take the case only on condition that they be authorized to base it on insanity. The refusal of Thaw to agree to his proposal caused them to promptly withdraw and to decline to have anything to do with the case. Their reputation as lawyers was too high to permit of an attempt to free the prisoner on such flimsy grounds as the "unwritten law" and dementia Americana. They recognized the fact that the tragedy from beginning to end was steeped in moral taint which compromised one side about as much as the other, and they recognized the difficulty, if not the futility, of trying to overcome this handicap before a judge and jury.

The trial of Thaw proved they were right. One of the greatest emotional practitioners of the bar failed, and failed dismally, to impress the jury with his plea of justification. Thaw as an avenging angel did not go worth a fig. He was a poor excuse for a divinely appointed agent of the Almighty, and so the powerful word painting of his great lawyer ended in a fiasco before the jury.

Had his plea been that of insanity and had it been consistently presented and adhered to, it undoubtedly would have been substantiated. District Attorney Jerome's admission alone would have settled the question and the issue would have then been confined solely to whether or not Thaw had regained his mental equilibrium following the culmination of his ailment in the shooting of Whitey. It will doubtless appear to the average jury as it does to the country, that Thaw's mental condition before, at the time of and since the tragedy is the vital point about which punishment for his crime should be determined. Under this rule he has a fair chance of acquittal. No other will avail him now. Evelyn Thaw's story will not bear repetition. Its effect has been spent, and without it "dementia Americana" appears even more ridiculous than it does with it.

Tom L. Johnson claims he will be elected mayor of Cleveland by 25,000, while his opponent, Burton, puts his own majority at 6,000. Judged by modern political standards, the republican candidate is guilty of a vital error in not adding another cipher to his claim.

Weak Kidneys

Weak Kidneys, surely point to weak kidneys. The kidneys, like the heart, and the stomach, and the lungs, are the organs of the body that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.
If your back aches or is weak, if the urine is scanty, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

BANDIT ROBS HOTELS

One Guest, Who Resisted, Is Almost Cut to Pieces.

Prescott, Ariz., Nov. 4.—A lone highwayman armed with a knife Saturday night entered five hotels in this city, fatally wounded one of the guests who offered resistance and made his escape after robbing a score of people encountered during his single handed raids.

The man first made his appearance in the Schuerman hotel, where he was discovered by Robert Lutely. The latter resisted when the robber made demands for valuables, and was almost cut to pieces.

Ten minutes later the robber entered the Brinkmeyer hotel, where he secured considerable booty. In rapid succession he paid hasty visits to the Head, Cliff and Globe hotels, in each instance terrorizing and robbing the inmates he encountered. He then made his escape.

You can't be well if you have a weak unhealthy, tired out stomach. Neither can you feel good if by some irregularity in eating you have caused the stomach to get out of order. These little stomach troubles or signs of indigestion, which may add very often does turn into a very bad case of dyspepsia. Don't allow this to go on a single day without doing something to overcome it. Take some good reliable and safe digestant like KODOL for Dyspepsia. KODOL is the best remedy known today for heartburn, belching and all troubles arising from a disordered digestion. It is pleasant to take and affords relief promptly. Sold by the Arlington Pharmacy.

DO YOU KNOW THE FIRST THING AN EMPLOYER JUDGES IN A MAN?

It's his personality.

Most important, of course, is his character appearance.

But almost equally important is the attire—the MAN FROM THE SHOULDERS DOWN.

You may have a magnificent personality, but you can discount it by wearing the customary Ready-Made—ill shapen clothes.

The clothes I make increase your personality, and cost no more than the wrong kind—the Ready-Made.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys become clogged with blood and will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEW SEDALIA THEATER.

Chas. B. Hanford.

Charles B. Hanford, who brings to the Sedalia theater on Tuesday, November 5, his magnificent revival of "Antony and Cleopatra," is one of the few actors who make their productions strictly in accordance with their own ideas. From year to year his representations have kept pace in scenic grandeur with the ever increasing brilliancy of his personal fame. And this performance is universally regarded as the culminating achievement of his career, both as a player and a producer. The role of Antony is one whose demands of personal grace, musical voice and intelligent reading, make it peculiarly congenial to Mr. Hanford's talents, and he has proved no less welcome to an always admiring public as the Antony of Cleopatra's court than he was as the Antony of Julius Caesar's household. Miss Alice Wilson is cast for the part of Cleopatra, one which enables her to win distinction as an interpreter of the women of the classics. The play will be produced with extraordinary equipment, including a premier danseuse and acrobats de ballet, a leader of orchestra, a director of chorus and an expert electrician. Novel pictorial effects will be introduced to lend atmosphere to the stage pictures which afford a setting for this stupendous tragedy of the Nile.

WOOD'S OPERA HOUSE.

The McDonald Stock company opened a week's engagement at the Wood's opera house last night and were greeted by a fair audience. Their first offering was "A Midnight Wedding," a pathetic little four-act drama, and was presented with a perfection that enlisted the sympathies of the entire audience. In addition to the regular performance the audience was very pleasantly entertained during the intermission between acts by some excellent specialties. The plays that were announced for the balance of the week are nearly all new to Sedalia audiences, and good patronage is predicted this week. The bill tonight is "Utah," with ladies free. Matinee Saturday, "Cinderella."

TO CURE DANDRUFF.

It is Necessary That the Dandruff Germ Be Eradicated.

Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destroying the dandruff germ, and none other claims to be, for the simple reason that it is only recently that a destroyer of the germ has been discovered—Newbro's Herpicide, the only hair preparation that actually kills dandruff. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c and \$1. W. E. Bard Drug Co., special agents.

PARDON FOR DALTON

Served 15 Years of Life Sentence at Lansing.

Topeka, Kas., Nov. 4.—Emmett Dalton, the noted former bandit, was Saturday night pardoned by Governor Hoch. The governor had requested Dalton to come to Topeka, and the prisoner made the trip from Lansing alone.

After a conference with Dalton, Governor Hoch handed him the parchment that made him a free man. Then he shook hands with Dalton and declared his belief that he would become a useful citizen.

Dalton thanked the governor and added: "There is some one in Kugfisher who will be glad to hear of this."

He referred to his old mother, who lives in Oklahoma.

Dalton was sentenced to the penitentiary for life for taking part in the Coffeyville bank robbery in 1932. Recently he was paroled to undergo a surgical operation.

DOCTOR SHOT DEAD

Former Friend Killed Physician Without Any Seeming Reason.

Nashville, Tenn., Nov. 4.—Dr. F. McFallen, a prominent physician of West Nashville, was shot and killed as he was preparing to step into his automobile yesterday by Thomas S. Bush, a well known young man of the city.

Dr. McFallen and Bush have been close friends and the tragedy therefore has caused all sorts of conjectures. Bush is reported to have walked up to McFallen and said: "I hate to do it, but I am going to kill you," and then fired the fatal shot.

Bush declines to talk and so do the friends of his victim.

REWARD FOR HEROISM

Warning, at Risk of Life, Was Given to Fellow Workers.

Pana, Ill., Nov. 4.—Mat Robison was presented with a gold watch and chain and a purse of gold yesterday for heroic work during the Penwell mine fire ten days ago.

Robison, at the risk of his life, warned the men in time for them to get out when the top works were burning. They would have been smothered to death. Rev. Miller presented the gift on behalf of the citizens.

REGARDING RAILROADS

A HEADEND COLLISION ON THE QUEEN AND CRESCENT ON SUNDAY.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Fast passenger train No. 2 on the Queen and Crescent, going at a high rate of speed, collided head-on with a freight train one mile south of Morganville, Ga., Sunday morning. Two men were killed, six seriously injured and about twenty passengers sustained more or less painful injuries.

Three coaches—mail, express and second-class passenger—were burned. All the mail and express matter was entirely consumed.

The passenger train was over an hour behind time, and it is said by officials that they were running seventy miles an hour, as the track at this point is exceptionally fine. The responsibility for the wreck has not yet been determined.

Katy Cancel an Order.

An order was made by the M. & K. T. Railway company Saturday afternoon canceling a contract let several months ago to the American Car and Foundry company for building 500 box cars in the St. Charles shops.

The contract was for 1,000 cars, 500 of which have been turned out by the St. Charles shops. Work on the second 500 would have been started this morning. At present the freight department has 175 box cars to be built for the Rock Island system and this will require about three weeks.

The employees are very downcast at prospects, as no new contracts are being sent in. The passenger department has work until February.

Laying Off Many Men.

The railroads begin laying off every year at the commencement of winter practically all workmen engaged in construction and improvement operations. The reduction of these forces has now begun, and, by the time that the weather becomes so severe as to prevent activity on the lines, all the extra or special employees will be out of service.

The managements of the southwestern and western roads are now considering the number of men to be laid off and the work to be stopped. How many men will be retained will depend, to a great extent, on the work that can be pursued during the winter.

Yard Office Dog Stolen.

Max Wolfe, Katy yard clerk, Jack Dorsey, yardmaster, and the efficient staff of attaches of the Katy yard office, are on the lookout for some person who early this morning stole a Scotch Collie dog belonging to the Katy yard office.

The canine was found several days ago by Howard Penniston, who presented it to the yard office force. It immediately found favor with every one and was treated with the utmost kindness, hence the sadness at the disappearance of the dog.

Engine Turned Over.

Katy engine No. 48, pulling an extra from Paola to Harrisonville, in charge of Conductor DeHaven, turned over at a point two miles south of Harrisonville at 10 o'clock Sunday morning.

The speed of the train was limited to fifteen miles an hour, hence no one was hurt. The track was blocked for six hours. A fallen brake beam is the cause of the accident.

Ran Nail Through Foot.

Gillis Moore, a baggageman on the Commercial Traveler, painfully injured his right foot at the home of a relative in Boonville this morning, caused by stepping on a nail, which passed through the member and the skin on top of the foot.

He continued his run until the train reached this city, where another baggageman relieved him.

Pete Anderson, a street car motor-man, is laying off.

Traveling Auditor Albert Rankin, of the Katy, went to Pleasant Green today.

Rumor has it that Missouri Pacific officials are arranging a new time card.

Ed L. Kent, the Missouri Pacific machinist, is laying off to purchase a supply of winter underclothing and other necessities.

George Spillers, a Katy engineer, and wife, left this morning for an indefinite visit at Des Moines and other points in Iowa.

Katy train No. 4, due here at 8:05 p. m., was two hours and forty-five minutes late last night, caused by late connections at Parsons.

Orders were issued by Superintendent Finney, of the Katy, Sunday, discontinuing the stopping of trains 1, 2, 3 and 4 at Chateau Springs.

A vacancy for conductor, in place of Conductor Bradley on the Missouri Pacific work train at St. Aubert, Mo., exists, and will be filled not later than Nov. 12.

VALUABLE INFORMATION

Something Every Person in Sedalia Should Know.

Nearly three hundred years have passed since the medicinal, curative been known to excel Vinol. We ask liver were first discovered and recognized by physicians as a specific in the treatment of pulmonary and wasting diseases, and as a body builder and strength creator; but how to extract those medicinal elements from the oil in which they were enveloped, has been the study of some of the most expert chemists in the world.

Now, the process discovered by two eminent French chemists, Morgues and Gautier, should interest every person in Sedalia. By an extractive concentrating process they discovered a way to separate the tonic, body building and curative elements contained in fresh cods' livers from their useless oil. By this process Vinol is made.

Because Vinol contains no oil, but embodies all the medicinal value of cod liver oil, with tonic iron added, it is fast superseding old-fashioned cod liver oil and emulsions. As a body builder and strength creator for old people, weak women, delicate children, after sickness, and for all pulmonary troubles, nothing has ever elements known to exist in the cod's Sedalia people to try Vinol on our offer to return their money if it does not give satisfaction.
